

To Whom It May Concern:

We are one nation under God. That is how it began anyway. Unfortunately for many of the political realm and others we still are ONE NATION UNDER GOD. Many are trying

To change that and God will not let it happen. Please stop trying to force opposing views

On the Christian listener. If we want to hear what you have to say all we have to do is look at the local and National news and there you are. There just isn't anywhere for us to escape from all of the liberal views. Please do not let this pass. Leave Christian radio Christian. We will continue to pray for this Country.

Thank you.
